OF LOCAL INTEREST

Some People We Know, and We Will Profit by Hearing About Them.

This is a purely local event. It took place in Norwich. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word. To conform a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Than one you know nothing about. Endorsed by unknown people.

Daniel J. Brown, prop. repair shop, 6 Summer St., Norwich, says: "I bought Doan's Kidney Pills at Sevin & Son's drug store and they did such good work when I needed them that I am glad to recommend them highly. Doan's regulated and strengthened my kidneys, relieving me of all the ailments, caused by kidney disorder. Over seven years later Mr. Brown said: 'I have had no occasion to use Doan's Kidney Pills since I recommended them before. The cure they gave me has been permanent.'"

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Strongest Animal.

One of the rare specimens of animals to be seen at the American Museum of Natural History is the hero shrew, a new sort of forest creature and among the strongest animals known.

Its skin and skeleton were brought back to this country by the Lang-Chaplain expedition, who spent six years in the forests of Africa gathering the most extensive and representative selections ever taken out of the country.

In the vast Ituri forest, in the Belgian Congo, where the sun rarely pierces through the dense foliage and rain pools stand for months in the foot tracks of the elephants, the "hero shrew" was found. It is a variant of the common shrew, which is widely distributed over the earth, being found in the Arctic circle, Asia, Europe, Australia, England and the Americas.

The hero shrew, however, is known from only two localities, both in the Belgian Congo. These are the villages
